**what is
masq
wall?**

01.

868 ubeda 65 × 37.5 cm + XL 90 × 260 cm

100%
waterproof
wall panels,
— without worries!

Want to give your project a fresh look? Masq tiles and XL boards can be installed without removing existing tiles or wall finish. Achieve the potential of every room with exceptional finesse and a high-level finish.

waterproof wall panels

can even be installed in the shower.

Due to the unique combination of PVC with a high-quality top coat and tongue and groove, Masq wall panels are 100% waterproof and water-resistant when installed in accordance with the installation instructions. Masq wall panels resist wet environments, are low maintenance and retain their look and feel in the long term.

B91 kamina XL 90 × 260 cm

robust, strong, durable,

Masq wall panels are only 5 mm thick and as strong as ceramic tiles. They can also be installed over existing wall cladding and are ideal for both new builds and refurbishments.

Building a sustainable future

Our unique RCB technology enables us to achieve 100% circularity by recycling all PVC waste into new materials for our wall panels. **Zero waste production** illustrates our commitment to the environment. We are proud to use **sustainable energy**, with 5,600 m² of solar panels powering our operations.

**10-year
guarantee**

RCB® patented Rigid Core Board technology

Thanks to our patented RCB technology, which co-extrudes the coex stability layer with the premium PVC onto the base plate, our tiles & panels retain their shape after installation, guaranteeing top-of-the-range quality. This results in an exceptionally strong fixation of the multicoloured film and the base plate, even after years of contact with water. On top of this, temperature fluctuations will not result in deformations.

digital
printing

masq wall ^{PREMIUM} lifelike thanks to digital print.

The realistic decors of the Masq wall PREMIUM collection are obtained by using a unique digital printing technology. Within one colour variant, there are tiles with different decorative variations for an even more realistic effect. High-resolution lifelike textures are applied to the wall panels. This way, Masq wall brings natural warmth indoors, allowing you to peacefully enjoy a beautiful interior.

3 sizes, unique look & feel,

The Masq wall collection consists of three sizes: tiles, XL and XXL panels. The tiles, XL and XXL panels can be easily combined. Choose the size that fits your concept or mix the different sizes for a look that will captivate.

01, tiles,

65 × 37.5 × 0.5 cm

The tiles of 65x37.5 cm are very easy to transport (8 tiles per package - 1.95 m²) and easy to handle during installation. Furthermore, installation is child's play thanks to the 4-sided tongue-and-groove system. The joint results in an elegant V-groove finish that mimics a perfect grout line between the tiles.

**because size
matters**

The tiles, XL and XXL, can be easily combined thanks to the tongue-and-groove system.

3 sizes, unique look & feel

02,

XL panels,

90 x 260 x 0.5 cm

The 90x260 cm extra large panels with **seamless tongue-and-groove system** (2 panels per package - 4.68 m²) allow for an easy upgrade, using just a few panels for an entire wall. These panels also connect with a tongue-and-groove system on the left and right side and have a seamless joint.

seamless connection

A93 ampara XL 90 x 260 cm

03,

XXL panels,

120 x 260 x 0.5 cm

For those who prefer even larger sizes, we have developed 120x260 cm extra extra large panels with **seamless tongue-and-groove system** (1 panel per package - 3.12 m²). Even fewer panels needed for a big effect.

B29 tanami gloss XXL 120 x 260 cm

NIEUW!
unique
high-gloss
finishing

masq wall^{GLOSS} high-gloss finish adds an extra dimension,

Our advanced high-gloss surface offers an unparalleled reflection of light, bringing colours to life and showcasing the texture of the decor in an impressive way. Every detail is enhanced, giving your space a luxurious and glamorous appearance.

**masq wall,
why?**

02.

916 seattle 65 × 37.5cm

**fast
installation,
easy
maintenance,**

— nothing but
benefits!

The panels are UV and water-resistant thanks to their unique PVC composition and are extremely easy to install. If after a period of time you wish to create a different interior, the panels can be fully recycled. A sustainable choice on every level.

suitable for renovation & new builds,

Masq wall is a waterproof tongue-and-groove wall cladding that is suited for both new builds and renovations. No hassle with cement adhesives or grinders. The Masq tiles can be pasted onto the existing tile wall or affixed using hidden nails or staples.
